Falls Church Police Reminds Parents to Discuss Child Safety When Alone

While children may find some strangers to be kind or nice, children need to be aware that if they are approached by someone unknown to them, they should take the following steps:

- Be aware of dangerous situations. If a stranger asks you for help or to keep a "special secret," it could be a dangerous situation. Say no and tell a trusted adult.
- Trust your instincts. If you feel scared or uncomfortable, get away from the situation. Make an excuse or just run away, and go to a safe place.
- Know what to do. Think No, Go, Yell, Tell. If you're in a dangerous situation, say NO, run away, yell as loud as you can, and tell an adult.
- Ask your parents first. If a stranger invites you to go somewhere, offers you a gift, or just wants to talk, say you need to ask your parents for permission first. Then go to your parents.
- Stick with friends. It's always safer to play in a group
